

## Reusable Laryngoscope Handles & Box Sets

In addition to the Fibre Optic and Conventional Reusable Laryngoscope Box Sets which are readily available, Flexicare offers a customisation service so clinicians can choose a combination of handles and blades for a bespoke intubation pack. The handles and blades are protected by the outer casing as well as being securely held in place within designated foam inner compartments.

Handles can be opened at both ends to remove swollen batteries with ease.

For further information please contact us to discuss your requirements.

### Fibre Optic Box Sets

| BRITPRO MAX HANDLE | KNURLED HANDLE |                                                                  | QTY |
|--------------------|----------------|------------------------------------------------------------------|-----|
